## World Adult Learning Conference ConfinteA VI

CONFINTEA VI aims to renew international momentum for adult learning and education, and to redress the discrepancy between the insights and discourse on the one hand and the lack of systematic and effective policies and conditions for adult education and learning on the other hand.

The CONFINTEA VI preparatory process, conference and follow-up will enable a global review of the state of the art of adult education and learning, and will serve as sounding board for the most relevant and emerging political, cultural, social and economical issues in relation to international education and development. CONFINTEA VI will offer the opportunity to articulate adult education and learning with the major current international policy frameworks in relation to education and development: the Education for All (EFA) goals and the Millennium Development Goals (MDGs), as well as the United Nations Literacy Decade (UNLD), the Literacy Initiative for Empowerment (LIFE) and the United Nations Decade of Education for Sustainable Development (DESD). Finally, CONFINTEA VI will engage in producing the tools (e.g. benchmarks) to ensure that previous and future commitments to adult education and learning are implemented.

**CONFINTEA VI will focus on improving the quality of adult learning and education as a field in itself, and concentrate on three to four priority issues.**

- ***Do you want to change the way adult learning works?***
- ***Do you want to help shape the future of adult learning?***
