THE AGE OF OPPORTUNITY

OLDER VOICES & CHOICES
seminar 2007

THE AGE OF OPPORTUNITY

Scotland's Learning Partnership invites you to join us at our Good Practice in Adult Learning Seminar to investigate how learning practitioners can share experiences, make links, spark ideas and get inspired. Our partners have asked this year that we focus our attention on 'working with older people'.

The session will be of particular interest to anyone working with older people in the following sectors: FE, HE, Community Based Adult Learning, the Voluntary organisations and Local Authorities across Scotland. There will be workshops that look at both policy and practice and how organisations reach and engage older people to ensure they can access the learning provision that they need.
